It is a great honor to present the Waterman Bowl to a most distinguished member of our Garden Club. Through her accomplishments, and expertise in every phase of gardening, we have learned not only Botany, Taxonomy, landscape design and flower arranging, but also, the principles and practice of teaching these arts and skills.

The accolades she has received in other fields are many, but the Garden Club of New Haven is especially grateful to her for her dedication, guidance and inspiration.

We present the Waterman Bowl to Letty Pierson.

By the Committee:

Peg Campbell, Chairman
