The recipient of this year's Waterman Bowl is a person who has assumed the responsibility of the most important administrative positions in our Club. When there was a job to be done one could count on her to do it graciously and willingly. Through her work in the gardens at the Morris House and the establishment of the community gardens at Edgerton, she "has furthered our aims and objectives in the community".

It is a pleasure to present the Waterman Bowl to Linda Hegel.

Respectively submitted,
